

# JORDAN Eikona Bookshelf Reflex enclosure

This 7.8 litre reflex enclosure for the Eikona is tuned to 50 Hz and has a -3 dB point of 57 Hz. It gives a good balance of fast, maximum flat bass response with minimum enclosure size.

It is possible to adjust bass output by connecting a 2 ohm resistor in series with the + terminal and give a flatter response when the loudspeaker is away from walls.

All dimensions in millimeters.

<b>Driver</b>	1 x JORDAN Eikona 2 wideband drive unit
<b>Dimensions</b>	INTERIOR -250 h x 160 w x 195 d mm EXTERIOR (18 mm material) -286 h x 196 w x 231 d mm
